NON-STOP

FINLAND PRAYS FOR THE EVENTS OF GOD'S WILL

Now, in Finland, in the course of a few years, activities have arisen, in which, to varying degrees, various prayer activities have started to be maintained, as has been found to be good in each case.

There have also been activities with absolutely non-stop 24/7 prayer activities, e.g. in the affairs of the Finnish people.

The emergence of non-stop prayer work in Finland, inspired by God, also by others, has greatly pleased Brother J, because sometime, around the middle of the last decade, God told Brother J the exact operating model of the future 24/7 prayer circle in Finland.

*In Finland, prayer
 is as necessary
 and natural as our
 breathing.*

INTENSIVE PRAYER CIRCLE FOR FINNS

It is God's will that the many fragmented prayer activities now get a structure and operating model that gathers them and, in God's will, builds and unites them.

For Finns in Finland and abroad, God wants to create 24/7 continuous prayer activities in churches, which would work in 2½ hour periods, at the beginning and end of the period, the activities of different prayer groups overlap, interleaved, for 15 minutes, with the prayer activities of other groups.

As a general rule, there would be one group in prayer at each time, but the groups of Finns abroad would be parallel to the times of the Finnish prayer groups.

In the churches, the groups would consist of maybe four or more people who pray, and each group creates, before God, its own model of prayer, how God leads it to happen.

Prayer groups would work, as prayer works, for people to bring their issues before God and also for God to tell new things, regarding smaller and larger groups, or just something regarding individual people, etc.

When several prayer groups from the congregations bring the same message from God to the attention, then things are on a solid foundation and based on them it is safe to take different actions, as is God's will.

God's plan, to create a prayer circle in Finland, will be realized and maintained, with a functioning management team, bringing honor and thanks to the Living God.

God can give information about bad things that are being directed towards Finland or other countries. This is how to prevent them and hold the culprits accountable, etc.

Members of prayer groups are fully obliged to keep the group's activities private and do not give information about them, other than what is communicated about prayer matters "officially" to the outside.

Some existing entity, or one to be created, will take over the organization of the operation of the prayer groups and the matters of prayers used in the churches, which should be passed on, e.g. all the way to the country's government and parliament, to the knowledge that they also know how to act in matters correctly, in God's will.

This prayer activity is a great blessing to Finland and through our people, to the entire population of the earth, also from the perspective of eternity.

FINNISH PRAYER CIRCLE, OPERATING WITH BUDGET FUNDS

God also said that the future 24/7 prayer circle activity in Finland will be financed from the state's budget funds.

Finland is in God's favor, when to God, Finland's 24/7 prayer activities are fully covered by common funds.

Here, in God's will, only the "frames" have been given, for the matter of Finland's future 24/7 prayer circle.

We have to give God freedom of action in the matter, He can finally bring things right in everything for all Finns, in Finland and in the world.

FINLAND'S UNIFIED DEPENDENCE ON GOD IS REALIZED IN THE PRAYER CIRCLE.
