

Finland's national vocation

Finland's national vocation is only God's project and therefore it will be fulfilled in our midst, in this time.

God is pleased with the weak

This is God's will, that insignificant Finland, as God's tool, will do great things, the sky will be filled with rapture.

God has huge plans for Finland

You run out of superlatives when you think about God's plans for the Finland of our time.

NATIONAL VOCATION

FINLAND'S NATIONAL VOCATION - THE WHOLE PEOPLE'S THING

Finland's national vocation, its cause is completely from God and its cause is written on the pages of the Holy Bible, for the people and country of Finland, we as a nation fulfill the cause for us, in this end time.

As on the previous pages of this website, the matter of Finland's national vocation has been told a little, in an opening way, in this section, starting from this page, the matter is explained quite thoroughly, but the visitor, in his place, needs the help of the Holy Spirit in everything, so that he can get full information and get the most out of things , about the issues of this website, to also be involved in the realization of Finland's national vocation in our midst.

The content of this website is aimed at Finns who live in Finland, as well as those who have moved around the world, but the content of the website also gives people of other nations important information about what God is doing in Finland in this end time..

As it will turn out in the future, God will, with his sovereign, violent action, turn the people of Finland, who have sunk deep into sin, into his connection. At that time, as a people, we are God's tool, so that God's foreknown "full number" (the number of people who at that time accept Jesus' atonement to their place) will be full and believers will be taken to heaven, here in time there will be a time, a time of trouble, when the false prophet and the antichrist rule the world.

Finland's national vocation, its cause is completely from God and its cause is written on the pages of the Holy Bible, for the people and country of Finland, we as a nation fulfill the cause for us, in this end time.

As on the previous pages of this website, the matter of Finland's national vocation has been told a little, in an opening way, in this section, starting from this page, the matter is explained quite thoroughly, but the visitor, in his place, needs the help of the Holy Spirit in everything, so that he can get full information and get the most out of things , about the issues of this website, to also be involved in the realization of Finland's national vocation in our midst.

Finland, contributes to fulfilling the scriptures of the Bible.

GREAT THINGS OF GOD

If going through this website so far has not yet reminded the visitor that he is now in contact with the great things of God, this will happen in the future, through the things on this website.

Almost all the things on this website are far beyond conventional thinking and also greatly beyond the thinking of our time in Christian circles. It's just that in this end time, the supernatural things of God will greatly increase, while the evil actions of our enemy, Satan, will also increase, knowing that his time is running out and thus he will be tormented by hell for eternity.

Someone can be mistaken for thinking that the things on this website are a product of imagination, when they very much exceed the level of ordinary thinking. As it has already become clear on this website from previous pages, the things on this website are inspired by God's Holy Spirit and thus born of God.

But still, every visitor to the website must take them to be examined by the Holy Spirit, that he is thus under God and the Holy Spirit can open the things of the website to him, what is written there, for different things and the Holy Spirit can continue processing things for the visitor, as an individual, to be part of Finland's national vocation in its own, special place, etc.

The homepage of the website has an article about the matter and it is good to return to it if the visitor does not believe in God, or is not constantly filled with God's Holy Spirit, etc., that he is not in the right relationship with God and e.g. thus gathers up what is burning, for eternity, for the judgment of works, for Bema.

PYHÄ HENKI AVAA RAAMATUN SANAN JA MUUN TIEDON, YMMÄRTÄÄ SKK ASIA.

THE HOLY SPIRIT OPENS THE WORD OF THE BIBLE AND OTHER KNOWLEDGE, UNDERSTAND THE FNV THING.

Only under the guidance of the Holy Spirit, things will work out.

MATTER, AS A REPETITION AND CLARIFICATION, ETC. MATTER

As has already been brought up, God has led that this, the matter of Finland's national vocation, comes to the knowledge of the believers of our nation, in the will of God, through one person who is deficient and weak in himself, chosen by God for the matter.

This is how it is, it is, in "small pieces", a narrative, in the text publications of the website's issues, thus the visitor builds a "picture" of Finland's national vocation on the matter for himself, thus as a whole, how God was allowed to take one person for his use and through difficult stages, mold him, a person completely empty in himself and completely dependent on God.

If these things were to be missing from the narration of this website, the narration would be lacking, the visitor would understand the whole of the matter, what God wants him to know, about God, about Finland.

If the Bible lacked the description of the human weakness of the persons through whom God did the numerous, great things described there, then the matter of the Bible would be lacking. We won't go to a concert where the back covers of the instrument "booths" are missing from the string instruments, or if there is a drum set with only Drum Heads in frames, without the relevant drum bodies? At that time, it was possible to play, completely correct notes, played correctly, but the instruments would not give us the right impression of them, which the composer of the piece wanted the listeners of the piece to get for the piece he composed.

In the future, there will be a narrative about the person of the actor and also about his relatives, etc., for the sake of anonymity, and things will be brought up, "just as things", without the slightest "visiting these people" etc.

If this were not the case, this entire website would not be readable by anyone, because this website is completely God's idea and inspired and controlled by His Holy Spirit, only things that will last once in eternity, before God, will arise from it.

Joseph, too, needed training and purification, to be ready for God's work.

There is one more thing to say. Finland's national vocation, its matter is infinitely great, in the honor of God, so for it, intentionally or unintentionally taking God's honor away from God, it is the greatest thing that this does not happen.

Therefore, e.g. all "investigation" of the actor's person, to find out his person, etc., are a direct robbery of God's honor and should not be undertaken. What we want to tell here will be revealed more when the visitor continues to go through the website.

In this case, too, we must return to the point that it is the most important thing, for a person of faith, to be baptized by God with the Holy Spirit and constantly overflowing with the Holy Spirit. This is how he can understand the matter of this website correctly and thus for the person, the Holy Spirit builds things forward, for him to receive from God, for him, a personal set of facts, from the things of this website, which will be totally lacking, if the believer, or another person, is not constantly overfilled, with God's Holy With spirit.

As has already been brought up, the matter of Finland's national vocation is the most charged with a very great supernaturalism.

In this way, the correct understanding and personal assimilation of the matter, for each visitor, happens correctly, only with God the Holy Spirit as the agent of the matter.

When God has chosen to tell the issues of Finland's national vocations, for the most part, directly to Brother J's spirit, they, through that, come to the attention of others, their narrative, on this website follows the same pattern, that the matter has been put forward through God's Holy Spirit, almost "as such".

The Bible's narration is limited, about the matter of Finland's national vocation and what God says about things in other ways, it is completely in accordance with the Bible's revelation, but it is God's direct narration on the matter. Also in this case, it is necessary that the visitor is constantly overflowing with God's Holy Spirit, so that he can get a correct understanding and overall picture of what God wants to communicate to him about the things on the website.

*We need all God's help to understand God's cause,
Finland's cause.*

A PRAYER OF REQUEST, FOR THE WEBSITE TO OPEN TO THE VISITOR

Our dear heavenly Father, we come before you, Jesus,
Through the blood sacrifice of our Savior's cross,
to ask You, God, for all kinds of help and mercy,
that the matter of this website may open,
Opened by the Holy Spirit of God, for every visitor.

He, in turn, understands that
and the Holy Spirit gets to build,
in the case of the visitor, a matter specific to him,
Regarding Finland's national vocation.

I saw her, also be involved
At the invitation of Finland in person.
We thank You, God, for hearing this prayer
and you fill it abundantly, for every visitor to the website,
God, Yours, for thanks and glory.

Amen.

*In prayer, we ask according to
God's will, knowing that God
will answer us.*

THE ACTUAL THING OF THE INVITATION, THE THING OF THE INVITATION ON THE PAGE

The story of Finland's national vocation actually starts with the page about the vocation, and its matter is really diverse, as the visitor will notice in the future.

Brother J. has needed and needs overflowing, all God's grace, to grow small in himself, that he could do these, completely humanly deficient, bringing things to the fore. When you are completely dependent on and helped by God, then you are doing God's will and that is the most important thing for every believer, from the perspective of eternity.

*Go to God's amazing visions
for Finland's future.*
